DLA VS VNG (Vanguard): It comes down to availability:

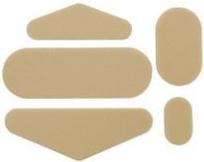

VNG is usually always in-stock and available.

DLA on the other hand can be tricky; if the item goes out of stock it could take some time (weeks, months, or longer) before a contract is issued to resupply the ribbon.

ORDERING TIPS

NSN- Filter

- “Create Order” menu
Filter by “ALL ITEMS, MALE, FEMALE, UNISEX, ORGANIZATIONAL”

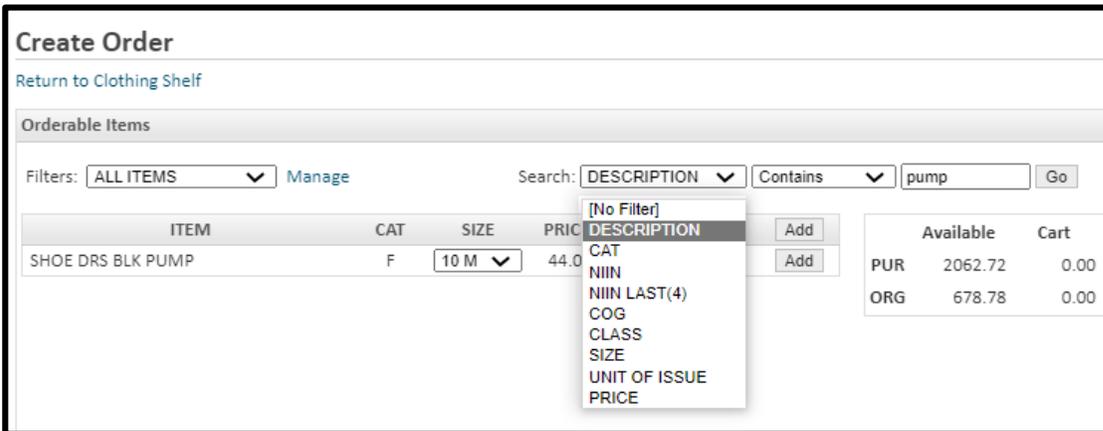

CDMIS- Outstanding Orders

- “Clothing Shelf” menu
Select “POST”> “From Invoice”
This view will give you all of the items that have been ordered, but have not been received.**

**Please Note, this is only accurate if you have been posting receipt of all the items that you have received.

CDMIS- Posting Receipt for Orders

- “Clothing Shelf” menu
Select “POST”> “From Invoice”
You will also “Post Receipt” of orders within this menu as well.
-“Partial Post” OR “Full Post”

CDMIS- Search Options

- “Create Order” menu
Search options to narrow item search

Other Tips

- When ordering ribbons, most ribbons have 2 options: VNG- NEXCOM/Vanguard OR DLA
DLA option is cheaper, it may take awhile to receive
VNG option will ship quicker
- **Document # (example N3560A21023292)**- This number is needed when inquiring about orders.
Ideally coping the entire order line is best:

| | | | | | | | | |
|----------------|-------------|--------------------|----|--------|---|----|---------|---------|
| N3560A20593122 | 01-171-7571 | NECKTIE MENS BLACK | EA | \$8.16 | M | 12 | \$97.92 | SHIPPED |
|----------------|-------------|--------------------|----|--------|---|----|---------|---------|

Do Not mix ORG items with PUR/ UNIFORM items on your CDMIS orders.
